STAR DANCER NEWS

The Belly Dance Chronicles has finally become completely interactive digital in order to keep up with current technologies. Though it sounds like an easy venture it is more complicated than simply switching formats. A lot of hard work and research has gone into the implementation of converting to interactive digital. Whew, seriously! Because of the scope of what we are planning (making ALL back issues available online for starters) we are asking for your help, in any amount possible, to help keep this project going.

Here is the link to the project help The Belly Dance Chronicles go interactive digital - <http://igg.me/at/DigitalChronicles/x/12394680>

Our Story

Our world is an international community! Traditional media focuses on what is wrong with humanity instead of the beauty it has to offer. The Chronicles is a quarterly publication with 13 years of success that focuses on the positive global contributions within dance and music. The Chronicles takes you, the reader, on a cultural journey to experience the artistry, passion and beauty visualized through talented brothers and sisters from across the world.

We are asking for your help in taking our existing publication from print to digital. This effort will digitize up to 64 back issues as funds are received and expand our publications to include additional content on education and daily techniques with interactive links. The Chronicles will continue to showcase global dance and music from the vanguards of our time.

We can capture the history, art, culture, and fun of these amazing forms of dance and music with your help.

What We Need

We are asking you to help us with our 13-year mission to positively share knowledge of diverse dance and musical art forms by moving the publication to a digital format. Help us let the world know of the creative talents of professional artists from the past and present.

Help us capture these forms before they are forever lost. The Chronicles will reach more dancers and musicians, thus becoming accessible to the general public, by upgrading from a print to an interactive digital format.

The inclusion of interactive video links demonstrating educational components and advertising, as well as beautiful photos and historical presentations, will add to the overall enjoyment of this successful multimedia publication.

What You Get

The Chronicles provides a voice for the world of international dance and music. Artists who travel the globe and experience their craft firsthand write many of the featured articles. Readers are provided resources that expand their understanding of culture, world rhythms, diverse dances, costuming, and dancer health. You will learn about the past, the people, and the contemporary influences of many genres of dance and music.

Our magazine can provide insight to a seasoned dancer, or give a new dancer inspiration. You can see and feel the colors of the art form and the people who breathe life into each step - a vibrant community of artisans who are passionate and want to share their experience and knowledge.

And there's more. Please go to Indiegogo to watch our video and read the rest of our Story.

Other Ways You Can Help

Contributions can also be made to: <http://www.isisandthestardancers.com/HelpChroniclesGoDigital.htm>

The primary purpose of this Foundation is to educate and in all ways present and enhance the art of Middle Eastern Dance. The Foundation creates environments and situations whose purpose is to broaden and enlighten the general public's awareness of the related cultural aspects of Oriental Dance. This focus includes enhancing artistic, educational and cultural opportunities for teachers, dancers and musicians to study, educate and perform this ancient art authentically and professionally.
